## WHY REGISTER?

*The money collected from registration is used to pay for the hotel facilities we use during the convention, as well as all other convention expenses. We believe once participants understand that the fees from registration help to make this event possible and the registration collected are used for planning of present and future conventions, the question “Why Register” will be answered. Your registration entitles you to attend scheduled events that don’t require a ticket.*

Our primary purpose is to carry the message of recovery. Our message is simple: hope and freedom from active addiction. We do this by practicing unity in our fellowship, reaching out to new members, offering to serve our groups and leading by example. This way our message is clear and it comes from the heart of our service.
