God, grant me the serenity to accept the things I cannot change, courage to change the things I can, and wisdom to know the difference.

My gratitude speaks, when I care and when I share, with others, the NA way.

The first step to recovery is to stop using. We cannot expect the program to work for us if our minds and bodies are still clouded by drugs. We can do this anywhere, even in prison or an institution. We do it anyway we can, cold turkey or in detox, just as long as we get clean.
